

International Symposium

Intermetallic Compounds in Catalysis

IMCAT 2019

**European
C-MetAC**

September 17-19, 2019
Technical University of Chemnitz, Germany

Scope

Intermetallic compounds have shown huge potential in heterogeneous catalysis in the recent years. The symposium gathers experts in the field, covering progress in gas- and liquid-phase as well as electro catalysis.

The symposium is a scientific and networking activity of the **European Integrated Center for the Development of New Metallic Alloys and Compounds (www.eucmac.eu)** and serves as platform for researchers in both academia and industry, promoting personal contacts and stimulating new collaborations.

Presentations

Besides invited talks, the symposium is open for oral and poster presentations (peer-reviewed). Abstract submission online.

Fee and Registration

The registration fee is 100 € and covers symposium participation, coffee breaks, symposium dinner on the 19th of September and excursion.

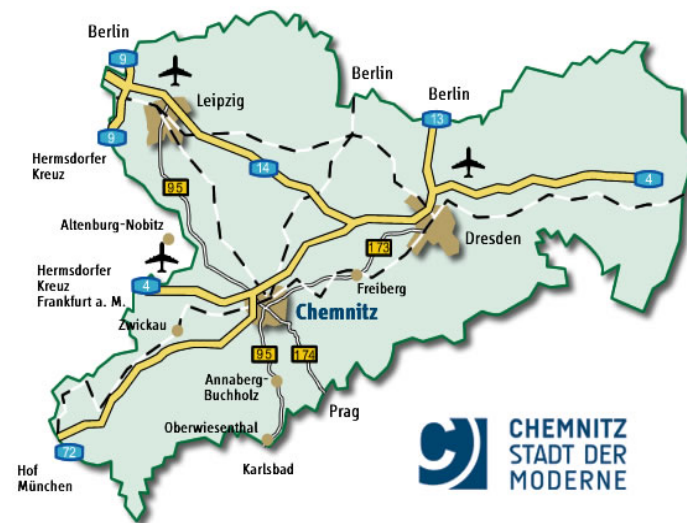

Schedule

The symposium starts in the morning of the 17th September and ends in the evening of 19th September 2019.

Guided tour to the Terra Mineralia (Freiberg) on the afternoon of the 18th September 2019.

Further Information

Available at <http://www.mytuc.org/imcat2019>

Dates and Deadlines

- 01.04.2019** Start of abstract submission and registration
- 10.05.2019** Abstract submission deadline
- 31.05.2019** Notification of acceptance
- 30.06.2019** Registration deadline

Organiser and Contact

Prof. Dr. Marc Armbrüster/Dr. Ionnis Aviziotis
Faculty of Natural Sciences
Straße der Nationen 62
09111 Chemnitz
